

ALL ABOUT ME

Benefits for Children

1. **Build self-esteem.** The activity helps children to recognize the characteristic that makes them unique. This can develop a sense of self-worth and make them feel special.
2. **Help CASAs to get to know their CASA child.** This activity is a fun way for children to tell about themselves. This can help a CASA to know the child better by discovering their strengths, goals, likes and dislikes, and personal interest.
3. **Develops relationships.** The activity can also help the child to get to know their CASA better. They may recognize that they have the same interest as their CASA and that's how they can develop a friendship.
4. **Build a Sense of Community.** By learning about each other, a CASA and a child can form a connection with each other.
5. **Develop Oral Communication Skills.** It is a perfect way for children to practice public speaking as well as listening to others.

How to Do the All About Me Activities?

There are multiple ways to implement the All About Me activities. They can be separated into multiple sessions based on themes. For example, students can talk about their family at one time, and talk about their hobbies at another. Here's some fun All About Me activities you can try:

1. **My Body.** Children can start learning about their body and their characteristic. They can talk about what color of their eyes, their height, their hair color, etc.
2. **My Family.** Children can talk about their family including how many siblings so they have and some other family members to such as grandma, uncles, etc.
3. **Likes.** Children can talk about things that they like. For example dolls, drawings, music, car toys, their pet, etc.
4. **Hobbies.** Children can talk about fun activities they enjoy the most on spare time.
